

XXIII International Conference of the European Federation for Medical Informatics

Call for papers

On behalf of the Scientific Programme Committee, we would like to invite you to submit a paper to The 23rd International Conference of the European Federation for Medical Informatics – [MIE2011](#) – in Oslo, Norway, August 28th to 31st, 2011.

MIE2011 is co-hosted by The Norwegian Society for Medical Informatics ([FDH](#)) and the European Federation for Medical Informatics ([EFMI](#)), and will be a primary venue for the European health informatics community in 2011. The conference will be held at [Radisson Blu Scandinavia Hotel](#).

The objective of the conference is to highlight the broad range of health informatics achievements at regional, national, and at international level. We invite the full range of submissions of original work in health and biomedical informatics research and innovation. Your submission can discuss health records, standards, social media, social care, telemedicine, software development, as well as strategies for user involvement, user-centeredness, benefits for patient care, development for sustainable use, and new challenges when health professionals collaborate in (virtual) teams with colleagues and patients.

The MIE2011 theme is **“User Centred Networked Health Care”**.

The conference programme will include keynotes, parallel tracks with oral presentations of accepted contributions: papers, panels and poster. Furthermore, there will be application-oriented track with EFMI corporate members and we will introduce a village where pre-competitive innovations will be presented.

Opening at Akershus University Hospital

MIE2011’s opening will commence at [Akershus University Hospital](#), one of the technologically most advanced health facilities in Europe. During the opening Day, interactive workshops will feature the **hospital’s extensive experience with advanced health technologies, complemented by tours through the hospital, focusing on Health Care of the Future (HP Global Centre of Excellence), Integrated EHR, digitalized radiology and laboratory.**

Call for submission

The [submission site](#) is now open, and the Scientific Programme Committee invites participants to submit *full papers, posters, short communications, panel or workshop proposals or software demonstration proposals*.

Important deadlines:

- Full paper submission: January 30, 2011
- All other submissions: March 15, 2011
- Notification of acceptance: March 31, 2011
- Resubmission of accepted papers: May 1, 2011
- Conference: August 28 – 31, 2011

Final acceptance of a selected contribution requires that the presenting author is a registered delegate at MIE2011, and the submission has to be revised according to the recommendations of reviewers and the SPC.

More information can be found at our web site: www.mie2011.org

We look forward to see you in Oslo for MIE2011.
